COUNTRY PROFILE NEPAL

CFCS Round 11 Grantees

Society for Positive Atmosphere and Related Support to HIV and AIDS (SPARSHA Nepal)

Project location: Sunsari, Madhesh, Bagmati and Gandaki provinces

Timeline:

Overall Aim:

- To Increase meaningful involvement and ownership of TB infected and affected populations to address Community, Rights and Gender barriers and exclusion through strategic collaboration and evidence-based advocacy in Nepal for TB survivors and Key Population of TB (people who use drugs) in 2022-2023 (18 months project period).

Proposal Objectives:

- To Meaningful involvement of TB survivors by capacitating and strengthening them to contribute to the national program through active TB case finding and linkage to treatment and care
- To Sensitize different facets of the communities- TB survivor, law makers, authorities that would act as a change maker for policy transformation to promote human rights, gender sensitivity to establish support mechanism and to eliminate stigma and discrimination through the uses of digital platform.
- To promote ownership among the local authorities to promote right based approach and gender friendly environment by creating synergy based on evidence-based advocacy through coordination and collaboration.
- To generate evidence on TB KPs (people who use drugs) that would provide realistic evidence to plan and design efficient program for new TB case finding that would complement the goal of Stop TB partnership.

To promote the Involvement, engagement, ownership and taking accountability of the program by the community to evaluate the outcome and the response through

- community led monitoring to ensure quality of the program through rights-based approach.
