Expected outcome:
to find 1.5 million additional people with TB by the end of 2019

Targets: 13 countries that account for 75% of missing people with TB and 55 DR-TB globally

Recent trends in PPM investments

- Reinvestment of efficiencies/savings and reprioritization
- Allocating more budget for PPM activities – funding requests
- Additional resources from matching fund and support through Strategic Initiative (Catalytic Fund)
- New PRs/SRs created to implement PPM activities and accelerate implementation
- Promoting innovations and scale up of lessons learned from pilot projects

More should be done...

- Maintain the momentum to finding missing people with TB/DR-TB – UNHLM declaration
- Further increase engagement of private sector and accelerate uptake and scale up of innovations – especially in countries in Asia
- Co-finance and catalyze new initiatives to mobilize resources from domestic sources and private sectors
